Spiral Brushes

Outer Roller Brush

Side Roller Brush

Inner Roller Brush

Efficient and accurate process, can produce base on confirmed drawings, samples from customers.

Products Specification

Outer Roller Brush	Min OD ϕ 5mm	Side Roller Brush	Min OD ϕ 6mm
Inner Roller Brush	Min OD ϕ 20mm	Roller Shaft Material	Bearing Steel, Plating Inscription Rods, Seamless Steel Pipe (Hollow and Solid)

Aoqun Passed FDA Registration, ISO13485, ISO9001 Management System Certification

Web: www.aoqunbrush.com Tel: 0086-020-84858360 E-mail: admin@aoqunbrush.com

Vacuum Brushes

Features and Advantages

Stable and Durable: Nylon brushes friction ≥ 1 million times without any deformation, high flexibility, good wear resistance and strong resilience.

Seamless Adaptation: CPK ≥ 1.33 , brush straightness < 0.4 mm, seamless installation of industrial manipulators, increasing efficiency and saving 35% cost.

Environmental Protection: Passed more than 30 certifications such as ROHS and SVHC.

Complete Varieties: Provide flexible customization for vacuum cleaner brushes such as punching strip brushes and staple-set brushes of square and oval shape.

Custom Efficient and Precise Brushes as Drawings and Samples

Aoqun Passed FDA Registration, ISO13485, ISO9001 Management System Certification

Web: www.aoqunbrush.com Tel: 0086-020-84858360 E-mail: admin@aoqunbrush.com

Polishing Brushes

Features and Advantages

Efficient and Stable: Efficient grinding, 3 processes are completed in one step, saving 55% time and extending 35% service life.

Complete Varieties: Brass brushes, steel brushes, brush rollers, disc brushes, twisted brushes meet the needs of surface treatment.

Outstanding Effect: Acid and alkali resistance, wear-resistant, achieve the laser carving polishing effect for hyperboloids, concave and convex surfaces, etc.

Custom Efficient and Precise Polishing Brushes as Drawings and Samples

Aoqun Passed FDA Registration, ISO13485, ISO9001 Management System Certification

Web: www.aoqunbrush.com Tel: 0086-020-84858360 E-mail: admin@aoqunbrush.com

Door Brushes

Widely used in platform screen doors, fast rolling doors, sliding doors, train doors, revolving doors, automatic doors, passenger car doors, garage doors, warehouse doors, aircraft door, etc. in various industries.

Features and Advantages

Refreshing and Comfortable: windproof, sound insulation, heat and cold insulation, to achieve the ideal on the environment.

Environmental Protection: our brush has good elasticity, strong flexibility, conform to the ROHS & SVHC testing.

Various Styles: the brush can flexibly match T, F, Y, H shape, colorful aluminum base and plastic base.

Durable: bristle uniform and tightness, tensile resistance $\geq 6\text{kg}$, all that make beautiful look and save energy.

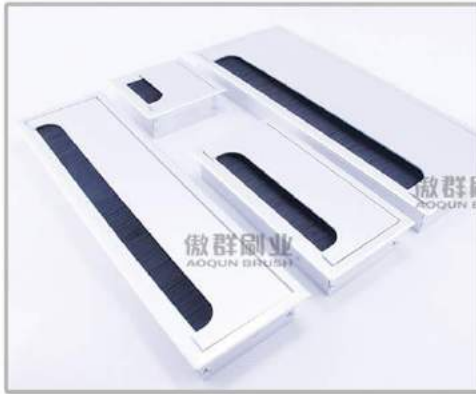

Aoqun Passed FDA Registration, ISO13485, ISO9001 Management System Certification

Web: www.aoqunbrush.com Tel: 0086-020-84858360 E-mail: admin@aoqunbrush.com

Grommet Brushes

Widely used in the rack, cabinet, grommet, office furniture, hardware, letterbox, wallplate, etc.

Features and Advantages

Reasonable Design: Sophisticated design of the people-oriented, create a comfortable and pleasant space.

Refreshing and Comfortable: dustproof, insect-resistant, sound insulation, heat and cold insulation, achieve an ideal environment for life and work.

Environmental Protection: our brush has good elasticity, strong flexibility, conform to the ROHS & SVHC testing.

Seal Doing: brush color and luster is sleek, uniform thickness, flush, tensile resistance ≥6kg, all that make beautiful look and also sealing effect.

Aoqun Passed FDA Registration, ISO13485, ISO9001 Management System Certification

Web: www.aoqunbrush.com Tel: 0086-020-84858360 E-mail: admin@aoqunbrush.com

Escalator Brushes

Features and Advantages

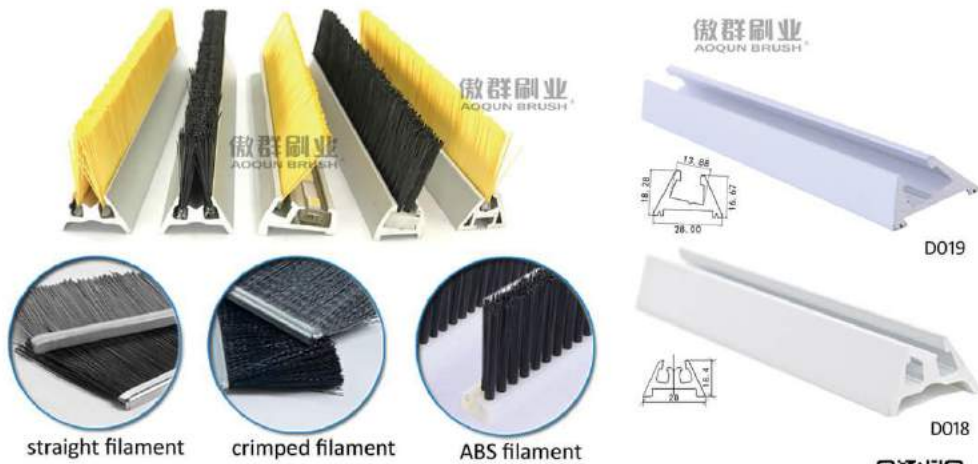

Specification Standard: conforms to international standards and world escalator safety procedures, such as A17, EN115, B44, etc.

Easy Installation: brush can easily slip into aluminum alloy base that much better for installation and maintenance.

Environmental Production: recycling well structured aluminum alloy base; brush bristle with high flexibility, strong elasticity and conforms to ROHS, SVHC report.

Product Variety: anti-static $10^1 \sim 10^{12} \Omega$, low temperature resistant -40°C , high-temperature thermal deformation 210°C and global initiate color UL94-V0 filament.

Usage Safety: bristle uniform and tightness, tensile resistance $\geq 6\text{KG}$, all that make beautiful look and protective effect.

Spray Suppressant

It is an anti-splash device, which allows air to pass through, absorbs water spray, collects water and redirects it to the ground, suppresses the formation of water mist, and reduces spray. Keep the cleanliness of the heavy vehicle bodies, license plates and rearview mirrors thus to enhance driving safety.

Features and Advantages

Various Brushes: Stapled Set Brushes, Strip Brush (PA, PP, Stainless Steel)

Various Styles: Straight Spray Suppressant, Wheel Arch Brush, Size can be customized

Certifications: ROHS, SVHC 174 Detections, Anti-ultraviolet, Anti-aging

National Standards: GB7258-2017, GB34659-2017 Spray Suppressant

Aoqun Passed FDA Registration, ISO13485, ISO9001 Management System Certification

Web: www.aoqunbrush.com Tel: 0086-020-84858360 E-mail: admin@aoqunbrush.com

Twisted Brushes

Brushes are widely used in the internal cleaning of round, square, flat and conical chemical containers, medical instrument, music instrument, coffee machine, various bottles, cans, tubes, pipes, etc., and the surface treatment of various industrial pipelines and tubing. The product is tight, uniform, neat, durable, moderately rigid and flexible.

Products Specification

Brush Diameter	1mm-500mm	Shaft Material	Galvanized Iron Wire, Stainless Wire
Brush Length	8mm-2950mm	Filament Shape	Cross, Straight, Crimped
Overall Length	10mm-3000mm	Filament Function	Anti-static, Conducting Electrostatic, Antibacterial
Brush Shape	Column Type, Chain Type, Elliptic Type	Filament Material	PA, PP, PE, PBT, PET, Plant and Animal Hair, Abrasive Material, Carbon Membrane

Aoqun Passed FDA Registration, ISO13485, ISO9001 Management System Certification

E-cigarette Brushes

Suitable for deep cleaning of the heater and the vaping device of the electronic cigarette (electronic atomizer), mainly to clean the solid stains generated after the e-cigarette is heated, so that the vape device is cleaner and the taste is purer.

Features and Advantages

Eco-friendly: Patented products have passed ROHS and SVHC testing, safe and non-toxic.

Easy-to-use: Good elasticity and flexibility, insert into the heater, removes oil and stains in 10 seconds.

Durable: Evenly twisted, tensile strength ≥3kg, high-speed cleaning without filament loss. improving the smoking experience.

Complete Style: Different specifications and colors can be customized according to the smoking appliance to achieve the effect of extremely fast cleaning.

Aoqun Passed FDA Registration, ISO13485, ISO9001 Management System Certification

Web: www.aoqunbrush.com Tel: 0086-020-84858360 E-mail: admin@aoqunbrush.com

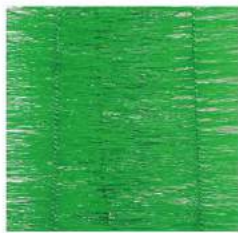

Filter Brushes

Widely used in river, lake, sea, various pools for filtration and purification. At the same time, suitable for all kinds of sewage anaerobic, and oxygen, aerobic treatment, etc.

Cross-shape structures which make the adsorption capacity greatly enhanced, easier to intercept particulate and biofilm, improve dissolved oxygen utilization, reduce the power consumption of the oxygen exposure, have a more significant effect of filtration and stable water quality, deciduas more easy, simple to handle, corrosion-resistant, non-blocking.
